

ATUL KUMAR

EDUCATION

Graphic Era Hill University, Dehradun B.Tech in Computer Science and Engineering	CGPA: 7.12 2022 – 2026
Army Public School No. 2, Roorkee Class XII (CBSE)	67.4% 2022
Army Public School No. 2, Roorkee Class X (CBSE)	83.6% 2020

TECHNICAL SKILLS

Languages: C, C++, Java, Python
Web Development: HTML, CSS, JavaScript, React.js
Tools: Git, GitHub, VS Code, JupyterLab

PROJECTS

DeepFake Detection System — Python, TensorFlow, Keras, OpenCV, CNN, Flask	GitHub
• Developed an AI-based system for detecting deepfake images and videos using CNNs and computer vision. • Integrated MTCNN for face extraction and preprocessing from images and video frames. • Model Interpretability: Displayed prediction confidence scores to improve transparency and user trust. • Multi-Format Support: Supports image formats (JPG, PNG) and video formats (MP4, AVI) across varying resolutions and quality levels. • Fast Processing: Optimized pipeline to analyze images in under 3 seconds and short videos in under 30 seconds.	
Modern Expense Tracker — React.js, Supabase, JavaScript, HTML, CSS	GitHub
• Developed a full-stack expense tracking application with secure user authentication using Supabase. • Implemented complete CRUD operations to add, update, delete, and categorize expenses with real-time database synchronization. • Built an interactive dashboard with category-wise and monthly expense analytics. • Designed reusable React components and ensured responsive UI across devices.	
Sudoku Validator Web App — Flask (Python), C++, HTML, CSS, JavaScript	GitHub
• Developed a Sudoku solution validator web app using Flask (Python) and C++. • Implemented algorithms to validate Sudoku rules across rows, columns, and 3×3 subgrids. • Built REST APIs to process Sudoku grid inputs and return validation results. • Designed a responsive UI using HTML, CSS, and JavaScript for user interaction.	

ACHIEVEMENTS

- Completed the Cybersecurity Job Simulation Analyst certification.
- Earned the Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate certification.
- Completed Introduction to Generative AI by Google Cloud & Simplilearn SkillUp.

COURSEWORK SKILLS

Data Structures and Algorithms, Operating Systems, Database Management Systems, Computer Networks, Object-Oriented Programming, Software Development Life Cycle

PERSONAL SKILLS

Communication Skills • Results-Oriented • Adaptability • Problem Solving • Team Player
